

Understand

nickasaur!

I understand
that you don't understand
everything I touch
seems to get out of hand
if you want space
I guess i'll fly to the moon
then fall back to California
25 after noon
I'm kind of amused
that your kind of confused
who was being accused
of being excused
I'm sorry if apologies
don't mean anything to you
I understand
that you don't understand
what I'm feeling inside
isn't visible
I'll try and I'll try
and I'll try again
but no matter what I do
I wont be visible
to you, for you
i'll pack my bags and
I'll never look back
to you, for you
I'll put the pedal to the medal
down highway 405
I understand that
you don't understand
everything I touch
seems to get out of hand
if you want space
I guess I'll fly to the moon
then fall back to California
25 after noon
I'm kind of amused
that your kind of confused
who was being accused
of being excused
I'm sorry if apologies
don't mean anything to you
everything I touch
seems to get out of hand
everything I imagined
didn't go as planned
I wanted some velvet
but got some cotton
these cold winter nights
should be forgotten
but you, only you
could hold me back
but you, only you
could manage to keep your head up
only you
but you
for you

to you
I understand
that you don't understand
everything I touch
seems to get out of hand
if you want space
I guess i'll fly to the moon
then fall back to California
25 after noon
I'm kind of amused
that your kind of confused
who was being accused
of being excused
I'm sorry if apologies
don't mean anything to you
I understand
that you don't understand
everything I touch
seems to get out of hand
if you want space
I guess i'll fly to the moon
then fall back to California
25 after noon
I'm kind of amused
that your kind of confused
who was being accused
of being excused
I'm sorry if apologies
don't mean anything to you...
