

Found Soul

Nickel Creek

I'm in the darkness and losing my soul
I am sitting out of control
It's gonna kill me it's bringing me down
I am lost and cannot be found

But in the darkness I see a light
I draw closer full of fright
I see the Savior with arms open wide
I am weary but I walk to his side

It feels so good to know I'm free
From the sin that holds on to me
For I am a found soul
For I am a found soul

Now I'm no longer a slave
Of the sin that brings me pain
A lowly soldier that's what I am
Dressed in the armor of Jesus' name

It feels so good to know I'm free
From the sin that holds on to me
For I am a found soul
For I am a found
Well I am a found soul
Well I am a found soul
