

Does Heaven Even Know You're Missing?

Nickelback

The day I finally felt alive
Was the day that you fell in my life
Love was always lost on me
'Til you showed up and set me free
I've never been this way before
Now I know what I waited for
You traded an eternity
To come and hide away with me

Oh, does heaven even know you're missing
And did you come here straight from above?
Did you choose to fall from grace
And lose your wings to fall in love?
Does heaven even know you're with me
And are we livin' on borrowed time?
If you're lookin' for a soul to save
It's not a problem, you can borrow mine

I knew it from the day we met
That I could throw away regret
It doesn't matter what we do
As long as I can be with you
So come and run away with me
You're gonna love it, wait and see
Forever we can live like that
'Cause I'm never gonna give you back

Oh, does heaven even know you're missing
And did you come here straight from above?
Did you choose to fall from grace
And lose your wings to fall in love?
Does heaven even know you're with me
And are we livin' on borrowed time?
If you're lookin' for a soul to save
It's not a problem, you can borrow mine

Does heaven even know you're missing?
(Does heaven even know? Does heaven even know?)
Just say you'll stay and never go
And never leave me here alone
Forever seems too long a road
Don't they know? Don't they know?

Does heaven even know you're missing
And did you come here straight from above?
Did you choose to fall from grace
And lose your wings to fall in love?
Does heaven even know you're with me
And are we livin' on borrowed time?
If you're lookin' for a soul to save
It's not a problem, you can borrow mine

Does heaven even know you're missing?
(Does heaven even know? Does heaven even know?)
Just say you'll stay and never go (You'll never go, you'll never go)
Does heaven even know you're missing? (You'll never leave me here alone)
Does heaven even know?
