```
Oh, ohh, ohh, yeah
oh, ohh, ohh, yeah
I was wrong to think
That I could ever trust in you
I was wrong to think that you
Might want to trust me too
Here I am, here I am, here I'll stand
Here I am, here I am, here I am, here I'll stand
I was wrong to think
That I could ever love in you
I was wrong to think that you
Might want to love me too
Here I am, here I am, here I'll stand
Here I am, here I am, here I am, here I'll stand
So where the hell are you
So where the hell are you
So where are you when I need someone too
And I am hating you
oh, ohh, ohh yeah
oh, ohh, ohh yeah
Here I am, here I am, here I'll stand
Here I am, here I am, here I am, here I'll stand
So where the hell are you
So where the hell are you
So where are you when I need someone too
```

Well I'm tired of hating you

oh, ohh, ohh, yeah

oh, ohh, ohh
