

Big Difference

Nicki Minaj

Monstas gon' tear it up

Like my hunnids blue (Blue)
Bad bitches, yeah, I keep 'em by the two
It's a big difference between me and you
I ain't nothin' like you, you, you, or you
Uh

These bitches ain't battin' like me
You bitches ain't badder than me
You bitches don't count and these bitches can't count
I am not the one, two, or the three
You bitches look up to me
You said you look up to her, but really you look up to me
I can't be playin' with niggas, I married a G
I got some niggas that do what I say
If I tell 'em to shoot, they pull up from the three
When bitches be rappin', I'm laughin'
It sound like you tryin' to me
I'm who you dyin' to be
Will somebody cop all these groupies a ticket? 'Cause I'm who they dyin' to
meet
I'm in the city, I drop a location and all of the killers come out
These niggas be frontin' for y'all, but they play the back when them killers
is out
When them killers is out, cut 'em off like the scissors is out
When Barbie touchdown, the baddest of bitches is out
