

# Bring It Back

**Nicki Minaj**

Y'all must not know who I am  
I don get to the spot till 2 am  
Don't be mad lil mama cuz you not in  
Errbody wanna roll with the crew I'm in  
They wanna know why I'm posted at the bar  
I tell 'em that I'm just singing posters at the bar  
But really, I on know why I'm posted at the bar  
You bitches act up I got the toaster by the bar

I get cake cuz I always got a hustle  
I pump weight and I ain't talkin' 'bout my muscles  
At the club every day but that hoe ain't me  
Cuz I be home with the scale like Do Ray Mi

When I step up in the spa that's a rap  
I do my 2 step one time with a snap  
I do my new step, two times with a clap  
Tell 'em to bring it back, tell 'em to bring it back  
When I step up in the spa that's a rap  
I do my 2 step one time with a snap  
I do my new step, two times with a clap  
On me, get a glass, on me, bring it back

I hate a dude that be actin' like he get dough  
But you know money short like Sisco  
Actin' like he got funds for days  
Tryna act like a man, yeah the one with dame  
I hate a dude with a mad bling-a-bling  
That shit don't make up for no wack ding-a-ling  
I hate a dude that be pushin' a Benz  
Or he live with his mother, or he stay with his friends

Nigga please, what the fuck you done for me  
Say you're under company but can't have company  
I guess the Lord jus' be tryna humble me  
How the fuck you eatin' tuna and its not bumblebee

When I step up in the spa that's a rap  
I do my 2 step one time with a snap  
I do my new step, two times with a clap  
Tell 'em to bring it back, tell 'em to bring it back  
When I step up in the spa that's a rap  
I do my 2 step one time with a snap  
I do my new step, two times with a clap  
On me, get a glass, on me, bring it back

I hate a girl that be stuntin' in the game  
Iced out chain with a best friend name  
Cuz them the girls that be swervin' in my lane  
Why they lookin' for change in they boyfriend Range  
I hate a clown touch down to my town  
When the cheque comes she short like bust down  
I hate a girl stay singin' in public  
Everywhere I got they be singin' some dumb shit

Fuck her gettin' a deal, I had one too  
I hate a girl that see her man and say , that's my boo

It make you mad when they front like they right  
They need help like they only got 5 on it

When I step up in the spa that's a rap  
I do my 2 step one time with a snap  
I do my new step, two times with a clap  
Tell 'em to bring it back, tell 'em to bring it back  
When I step up in the spa that's a rap  
I do my 2 step one time with a snap  
I do my new step, two times with a clap  
On me, get a glass, on me, bring it back

When I step up in the spa that's a rap  
I do my 2 step one time with a snap  
I do my new step, two times with a clap  
Tell 'em to bring it back, tell 'em to bring it back  
When I step up in the spa that's a rap
