

Ya girl been hot since Corduroys, since quarter waters  
And all the boys use to try to be like the corner boys  
Cos they heard the pussy wetter than them dorney rides  
Fuck with who? Fucks with you  
When is them checks cleared like Huxtibles  
I'm known to hang with a thug or two  
Niggas that only do what a thug would do  
Ask about me, the FEDS watch daily  
Gettin' more cheese, more bread than a deli  
And I'm getting' love fam now like Nelly  
And I throw it up 12 o'clock when I wheelie  
I'm in the area, scoop my nigga Jada  
You gotta be brave, you gotta get paid  
Ain't nothin' worse than being a broke bitch  
I always got crack I tell 'em to smoke this

Yo, ya boy been nice since thunder cats  
Since leather boomers and lumber jacks  
Come outside with a hundred stack  
Jeans with the sweat pants under that, yeah  
Front on who? Not on me  
Niggas know I keep the seventeen shot on me  
Made a lil something off rap, lot off D  
Get your points off another nigga, not off me  
Air forces, new trues and a crispy tee  
New coupe nigga CL-63  
Cost you nothin', we get hit for free  
With Nicki, matter fact, nah, the bitch with me

So you wanna sip goose and play Nintendo Wii, no  
Get the bricks and flip the ya-yo  
Chirp if you looking for the work  
100 dollars of pussy, my misses getting' busy  
FEDs getting dizzy niggas tryna get me  
So I change the sizzy combination to the cizzy  
Brand new V that's what I get for pitchin  
Nice little crib, a couch that I could sit in  
Umm I mean sit on, blow piff, fuck a bitch on  
Oops I mean feller keeps the umbreller  
And I only fuck with them paper makers  
Nicki Lewinski LK ta Jada
