

Except Me

Nicklas Sahl

Everything seems the same
But everything's changed
Since I woke up without you
My shoes still sit by the door
But not next to yours
Cause they walked out with you
And rainy days, they really rain now
When you're not here, it really comes down

It's like a bomb went off
But nothing got destroyed
Except me walking 'round this house
Just longing for your voice
To tell me you love me
Tell me you miss me
To only go quiet
Whenever you kiss me
Oh, God, it's like a bomb went off
But nothing got destroyed
Except me

There's still a bottle of wine
And that record of mine
Sat on the turntable
To soundtrack the scene of the crime
I'd go back in time
If I was able
To when we danced as if forever
Was in our hands
How could you let me go

It's like a bomb went off
But nothing got destroyed
Except me walking 'round this house
Just longing for your voice
To tell me you love me
Tell me you miss me
To only go quiet
Whenever you kiss me
Oh, God, it's like a bomb went off
But nothing got destroyed...

Except me
Nothing's on fire now
Except me
Nothing is burning down
Except me
I try to put it out
You said you wanted everything
Except me
The world is moving on
Except me
One night can't change it all
Except me
I try to put it out
But I just can't put it out

It's like a bomb went off
But nothing got destroyed
Except me
