

Lullaby

Nicklas Sahl

I know what you've been through
See the scars you're tryna hide away
You say you're gettin' there
But only healing when you're next to me

Don't be sorry, I don't need apologies
You can trade your burdens for a part of me
We share the pain 'cause you're worth more than sympathy
Whatever it might be, I'll rockabye it off your mind, off your mind

When you can't sleep and you're up all night
Alone in the dark and you need the light
I can be your lullaby
Don't cry, don't cry
When you can't breathe and you're scared to move
And the voice in your head don't tell the truth
I can be your lullaby
Don't cry, don't cry

You can't find the words
'Cause you're all choked up in honesty
You search for happiness
But you've forgotten the melody

So close your eyes and let's go through the symphony
Note by note I'll show you what you mean to me
We share the pain 'cause you're worth more than sympathy
Whatever it might be, I'll rockabye it off your mind, off your mind

When you can't sleep and you're up all night
Alone in the dark and you need the light
I can be your lullaby
Don't cry, don't cry
When you can't breathe and you're scared to move
And the voice in your head don't tell the truth
I can be your lullaby
Don't cry, don't cry

Ooh, ooh
I can be your lullaby
Don't cry, don't cry

When you can't sleep and you're up all night
Alone in the dark and you need the light
I can be your lullaby
Don't cry, don't cry
When you can't breathe and you're scared to move
And the voice in your head don't tell the truth
I can be your lullaby
Don't cry, don't cry

Ooh (When you can't sleep), ooh (When you can't breathe)
I can be your lullaby
Don't cry, don't cry
Ooh (The voice in your head), ooh (Scared to move)
I can be your lullaby
Don't cry, don't cry
