

# Unsolvable

Nicklas Sahl

If I thought it was simple  
And I think that I did  
I guess I learned it the hard way with you  
Had it all calculated  
Colored black boats all white  
And the number should lead me to you

But it can't be true  
We put a man on the moon  
But I can't even get close to you  
I could keep on fightin'  
And try to fix my mistakes  
But I know that it won't change a thing

'Cause you're unsolvable, unsolvable  
There ain't no solution, nobody gets to your heart  
You are unsolvable, unsolvable  
Just a broken equation, nobody gets to your heart

I could make you laugh all night  
Pay for all of your drinks  
But a stranger would run with your love  
There's no math to your logic  
No code I can crack  
I guess I'm just part of the act, mmm

But it can't be true  
We put a man on the moon  
But I can't even get close to you  
I could keep on fightin'  
And try to fix my mistakes  
But I know that it won't change a thing

'Cause you're unsolvable, unsolvable  
There ain't no solution, nobody gets to your heart  
You are unsolvable, unsolvable  
Just a broken equation, nobody gets to your heart

I don't understand you  
Don't know what you're tryna prove  
Will I ever get through?  
What more can I do?  
I don't understand you  
Just put a little faith in me  
And tell me what I can do

'Cause you're unsolvable, unsolvable  
There ain't no solution, nobody gets to your heart  
You are unsolvable, unsolvable  
Just a broken equation, nobody gets to your heart

Mmm...
