

Stay

Nicky Romero

Can't take it back but we could freeze this frame
It could stay the same
Some things don't last but take up time and space
Let it be a phase

I want it to pick me off my feet
Ripping my heart off of my sleeve
Even if it's for a night
Wanna believe that gravity
Never get hold of you and me
Yeah I'm faded in this fantasy

Yeah we could stay (ay, ay, ay, ay, ay, ay)
So come on over, pull me closer
Why don't we stay (ay, ay, ay, ay, ay, ay)
And not get older, like we're supposed to
Why don't we stay

Why don't we stay
Why don't we stay (ay, ay, ay, ay, ay, ay)

I rather say I forgot the bad parts
Ain't got no flaws
Running from trouble has got us this far
Why should we stop

I want it to pick me off my feet
Ripping my heart off of my sleeve
Even if it's for a night
Wanna believe that gravity
Never get hold of you and me
Yeah I'm faded in this fantasy

Yeah we could stay (ay, ay, ay, ay, ay, ay)
So come on over, pull me closer
Why don't we stay (ay, ay, ay, ay, ay, ay)
And not get older, like we're supposed to
Why don't we stay

Why don't we stay
Why don't we stay (ay, ay, ay, ay, ay, ay)

I've been looking for a way to
Not get older
And if the good die young how do we make it stop
And not get older
Like we're supposed to

Yeah we could stay (ay, ay, ay, ay, ay, ay)
(We could stay)
So come on over
(We could stay)
Pull me closer
(We could stay)

Why don't we stay (ay, ay, ay, ay, ay, ay)
(We could stay)

And not get older
(We could stay)
Like we're supposed to

Yeah we could stay (ay, ay, ay, ay, ay, ay)
So come on over
(We could stay)
Pull me closer
(We could stay)
Why don't we stay (ay, ay, ay, ay, ay, ay)
And not get older
(We could stay)
Like we're supposed to
Like we're supposed to, baby
