

Ups & Downs

Nicky Romero

We bottle up our ups and downs
It's only when the lights go down
That we come out

We bottle up our ups and downs
It's only when the lights go down
That we come out

Come out
Come out

We bottle up our ups and downs
It's only when the lights go down
That we come out

We bottle up our ups and downs
It's only when the lights go down
That we come out

Come out
Come out...

It's only when the lights go down
That we come out...
