

All Time High

Nico Santos

Lately
We've been so caught up in this daydream
And all the things we built are on the line
And we're just tryna fix it all the time
Yeah, yeah

Sayin', "Oh, why are we trippin'?"
You know this love's got me believin'

One day we could be dancers
Dance away the teardrops from our eyes
One day we could be dreamers
Walkin' on a cloud
Like an all-time high

One day we could be dancers
Dance away teardrops from our eyes
One day we could be dreamers
Walkin' on a cloud
Like an all-time high
All-time high
On an all-time high

Sleepless
Keep comin' back, it's like a reflex
And all I wanna do is say it out
Do all the things that you and I've
Been dreamin' 'bout
Sayin', "Oh, why are we trippin'?"
You know this love's got me believin'

One day we could be dancers
Dance away the teardrops from our eyes
One day we could be dreamers
Walkin' on a cloud
Like an all-time high

One day we could be dancers
Dance away the teardrops from our eyes
One day we could be dreamers
Walkin' on a cloud
Like an all-time high
All-time high
On an all-time high

One day we could be dancers
Dance away the teardrops from our eyes
One day we could be dreamers
Walkin' on a cloud
Like an all-time high
All-time high
