Nico Santos

The bed is colder when you're next to me  
You roll around and turn your back on me  
I don't know what to do  
Yeah, I don't know what to do  
If you're not gonna talk to me

We used to fight, we used to make a scene  
Now you don't even have the energy  
I don't know what to do  
Yeah, I don't know what to do  
If you're not gonna talk to me

No use in talking 'bout the summer when the sun was gone  
No use in dancing in the middle of a thunderstorm  
No use in lying if we let it all just step out of our hands  
Don't say it's nothing, I know something's

Changed  
You got it written on your face  
You say we're good, but then you're strange  
What's on your mind? Don't tell me we're flyin'  
Don't say it's nothing, I know something's changed  
You got it written on your face  
You say we're good, but then you're strange  
What's on your mind? Don't tell me we're flyin'  
Don't say it's nothing, I know something's changed  
I know that something's changed  
I know that something's changed  
Yeah, I know that something's changed  
Don't say it's nothing, I know something's

I'm freezing when you put your hands on me  
It's like I'm sleepin' with the enemy  
You got a secret or two  
Yeah, I don't know what to do  
If you're not gonna talk to me

When we go out, we don't come home by three  
Like you don't wanna be alone with me  
And then you push me away  
Yeah, with everything you don't say  
I don't know what you want from me

No use in talking 'bout the summer when the sun was gone  
No use in dancing in the middle of a thunderstorm  
No use in lying if we let it all just step out of our hands
