

Say You Won't Go

Nico Santos

If I had twenty-five mill, I'd still miss you, baby
Sittin' in a big old house on my own goin' crazy
If I had a brand new car in the driveway
I'd cruise slowly on a Saturday
Wonderin' how the passenger side could feel so empty

But you're still all up in my head, all up in my head
All up in my head

Hey, now I've been running wild
Hey love, you're still on my mind
Say you won't go-oh-oh
Say you won't go-oh-oh
Hey, now I've been chasing dreams
God knows if we can make it real
Say you won't go-oh-oh
Say you won't go-oh-oh

If I had twenty-five mill, I'd still feel lonely
I'd probably keep bad company and let them fool me
I'd be tryin' to live the high life feelin' low
A limo and a plane with nowhere to go
Wonderin' how the passenger side could feel so empty

But you're still all up in my head, all up in my head
All up in my head

Hey, now I've been running wild
Hey love, you're still on my mind
Say you won't go-oh-oh
Say you won't go-oh-oh
Hey, now I've been chasing dreams
God knows if we can make it real
Say you won't go-oh-oh
Say you won't go-oh-oh

I got you all up in my head, all up in my head
All up in my head, all up in my head
Say you won't go-oh-oh
Say you won't go-oh-oh
I got you all up in my head, all up in my head
All up in my head, all up in my head
Say you won't go-oh-oh
Say you won't go-oh-oh

Oh love, how could I know you're the only, only, only?
You take me high when you hold me, hold me, hold me
How could I know you're the only, only, only?
Don't let go, don't let go

Hey, now I've been running wild
Hey love, you're still on my mind
Say you won't go
Say you won't go-oh-oh
Hey, now I've been chasing dreams
God knows if we can make it real
Say you won't go-oh-oh

Say you won't go-oh-oh

I got you all up in my head, all up in my head

All up in my head, all up in my head

Say you won't go-oh-oh

Say you won't go-oh-oh

I got you all up in my head, all up in my head

All up in my head, all up in my head

Say you won't go-oh-oh

Say you won't go-oh-oh

Say you won't go
