

# Unforgettable

Nico Santos

Take a sip and pass it on  
Fill it up until it's gone  
Send around another one  
Let's sing another song  
'Bout the time when we were young  
You know, the crazy shit we done  
Living like the special ones  
In the sun

We never gonna call  
No, we never gonna write  
I don't even care because we always got tonight  
Together  
Let's stay together

Say you will remember me  
When you go take a piece  
Of melody  
To help you keep memory  
Never let it go  
So when the song begins to play  
I hope it takes you close to me  
And for a moment we will be  
Unforgettable

Unforgettable

For years and years that passed away  
A million words I should have said  
A million notes begin again  
And bring me back to you  
So put our song on repeat  
Close your eyes and fall asleep  
And I won't meet you in your dream  
Lay with me

We never gonna call  
No, we never gonna write  
I don't even care because we always got tonight  
Together  
Let's stay together

Say you will remember me  
When you go take a piece  
Of melody  
To help you keep memory  
Never let it go  
So when the song begins to play  
I hope it takes you close to me  
And for a moment we will be  
Unforgettable

Unforgettable

Unforgettable

We know we're never meant to be together in the end

Woah, woah  
When I hear that music it takes me back again  
Woah, woah

Say you will remember me  
When you go take a piece  
Of melody  
To help you keep memory  
Never let it go  
So when the song begins to play  
I hope it takes you close to me  
And for a moment we will be  
Unforgettable
