

Good

Nico Vega

Swallow my tongue,
Look you in the eyes,
Say I'll love you,
And stand by my lies,

Can I walk away?
And live through this life?
Make love to a stranger, and then be his wife?

Did you notice that I don't belong?
That I'll be the weaker and you'll be the strong,
Why don't you notice when I call it out, that you are so certain, and I'm full of doubt?

I'm not sure I'm good enough,
To be the one that has your love,
No, I'm not sure I'm good enough,
To be the one that lifts you up,
And are you sure you want this much?
I know you want to be the judge,
But I'm not sure I'm good,

Swallow my tears,
Panic in the night,
I claw at the bed sheets,
And search for the lights,

If you walk away,
Then I'll understand,
I'll always remember that you are my man,

Did you notice that I don't belong?
That I'll be the weaker and you'll be the strong,
Why don't you notice when I call it out, that you are so certain, and I'm full of doubt?

And I'm not sure I'm good enough,
To be the one that has your love,
No, I'm not sure I'm good enough,
To be the one that lifts you up,
And are you sure you want this much?
I know you want to be the judge,
But I'm not sure I'm good,

I'm not sure I'm good...

I'm not sure I'm good enough...

I'm not gonna tear you down
I'm never gonna tear you down,
I don't wanna tear you down,
I'm never gonna tear you down...

I don't wanna tear you down,
I'm never gonna tear you down... [repeated until end]
