

# What I Came Out For

Nico & Vinz

To tell the truth, I can't pretend  
I had to see your face again  
You're what I came out for  
You're what I came out for  
I didn't get the chance last time  
Just had to say what's on my mind  
You're what I came out for  
You're what I came out for

I don't know if you know  
You're the one that I'm here for  
You're so close, but so far away  
Still every time feels special  
Lady, I would love to say hi  
I make it hard when it's simple  
You're looking like you feel it too  
Is it true?  
Girl, you see I don't even know this place  
But I had to see your face  
And I'd like to say how I feel, feel

To tell the truth, I can't pretend  
I had to see your face again  
You're what I came out for  
You're what I came out for  
I didn't get the chance last time  
Just had to say what's on my mind  
You're what I came out for  
You're what I came out for

I'm just so cool when I turn my head  
You turn around and I lost my ways  
I was mesmerized that day  
It was in your eyes that day  
I can not forget your smile  
Like I gotta go back  
I don't even hang in this area  
I don't even stay in this area  
I just come around to see you  
I just come around get a glimpse of you  
I call my boy like oh oh oh oh  
I met a girl and she so, so, so, so  
Perfect for me, this I know, know, know, know  
For sure, for sure  
You see, I don't usually come this way  
But I had to see your face  
And I'd like to say how I feel, feel

To tell the truth, I can't pretend  
I had to see your face again  
You're what I came out for  
You're what I came out for  
I didn't get the chance last time  
Just had to say what's on my mind  
You're what I came out for  
You're what I came out for
