

A Time For Us

Nicolas Jaar

See the light
Right 'bout time see the face
You ain't got no the strays and takeaways
No more time for me and you
Take me on the road, baby, it due
Take me back in time, say it right
Oh, baby, sing it right for me and you
This is the time, the time, the time
The time for me and you, baby babe

See the light
Right 'bout time see the face
You ain't got no the strays and takeaways
No more time for me and you
Take me on the road, baby, it due
Take me back in time, say it right
Oh, baby, sing it right for me and you
This is the time, the time, the time
The time for me and you, baby babe
