

# Sleepwalking

Nicole Atkins

My, my, my, my past lives have got me weary  
I, I, I, tiptoe past so you can't hear me  
You wake up in the middle of the night  
With your heart beating hard  
Knowing something isn't right

I'm sleepwalking  
Sleepwalking  
Around the world I used to dream in

So much time has gone by but I'm still haunted  
To forgive and forget is all I wanted  
Past is past, I should leave it where it lies

I can smile to your face but you can see it in my eyes

I'm sleepwalking  
Sleepwalking  
Around the world I used to dream in  
Waiting to begin again  
Until then I'm sleepwalking

I'm sleepwalking  
Sleepwalking  
Around the world I used to dream in  
Waiting to begin again  
Until then I'm sleepwalking
