

Unchanging

Nicole Bus

May I have a word with you?
Now that it's just me and you
Sometimes I'm afraid you know
I know you know that's why I need you so

I've never walked on water
But you, something like a miracle to me
And I need you to know
That I, that no matter what

I'll be holding on
Holding on to your unchanging hand
I've seen the light
Holding on with all my might
I'm holding on holding on to your unchanging hand
I got to keep
Holding on to your unchanging hand

When I was to blind to see
You became my every need
If ever I fall again, Oh what a friend I have in you till the end

I've never walked on water
But you, you are something like a miracle to me
And I need you to know
That I, that no matter what

I'll be holding on
Holding on to your unchanging hand
I've seen the light
Holding on with all my might
I'm holding on holding on to your unchanging hand
I got to keep
Holding on to your unchanging hand

You're the reason I smile again yeah
Oh in you I've found a friend
I'm so happy I found that love here in you
Cause I am no one without you
And if I search for mountains high or low
Oh I will always just know where to go
Cause I got you
Oh I got you
Oh I got you

I'll be holding on
Holding on to your unchanging hand
I've seen the light
Holding on with all my might
I'm holding on holding on to your unchanging hand
I got to keep
Holding on to your unchanging hand
