

Miracles

Nicole C. Mullen

I, I, I, I believe in miracles
I, I, I, I believe in miracles

I have seen it in the earth
Watched a sunrise at its birth
Felt the sunlight washing over me
I'm convinced I heard God smile
In the laughter of a child
A lovely kind of mystery

You cannot ignore, gotta read the signs
See a crooked man walk a blessed mile
Gotta see the blind with the open eyes
These things happen in our time
Body filled with pain, body filled with grief
Body find the Lord, body find relief
It's one more glimpse of
The eternal in the practical

I believe in miracles
I believe in miracles
Where the Father leads me there, I'll go
Yeah, where He leads me, I will go
It's because the love you show
He changed my life and now I know
I believe in miracles

I hear babies in the street
Crying out for food to eat
50,000 children starve today
People, hear me if you can
A woman's beaten by her man
We can't let things go on this way, no

You can take a stand, it can take a while
It can be tough, it can be a trial
But it will be a love you cannot deny
Wouldn't it be very nice
If we could be the hands, we could be the feet
We could be the flesh of our deity
And give them a glimpse of
The eternal in the practical, sing

I believe in miracles
I believe in miracles
Where the Father leads me there, I'll go
Say, anywhere He leads me, I will go
It's because the love you show
He changed my life and now I know
I believe in miracles
Listen up!

Cool out, Nick, and lemme bust at everybody
Miracle in blue, boom, there's a zoom to the moon
Like Alice, check out the style, listen here, King Joint
Here I come, when it comes to the point
King Solomon J and Doug Tray on the top

Another M-I-R-A-C-L-E, tell me
God can move it and prove it in a fact, day to day
Can't ya see the head of the glory and more

You cannot ignore, gotta read the signs
See a crooked man walk a blessed mile
Gotta see the blind with the open eyes, yeah
These things happen in our time
Body filled with pain, body filled with grief
Body find the Lord, body find relief
It's one more glimpse of
The eternal in the practical, sing

I believe in miracles
Say don't you know you wanna
Everbody wanna
Where the Father leads me there, I'll go
I believe in miracles
It's because the love you show
He changed my life and now I know
I believe in miracles
Hey-hey...

I believe in miracles
See, I believe in miracles
Where the Father leads me there, I'll go
How 'bout you, do you believe in miracles
It's because the love you show
Changed my life and now I know, whoo!
I believe in miracles
Help me sing it, now

I believe in miracles
Where the Father leads me there, I'll go
Whoo!
It's because the love you show
Changed my life and now I know
I believe in miracles...
