

## Somewhere

Nicole C. Mullen

Somewhere out there  
Are you out there  
Have you nothing to say  
Must you walk away  
Has your heart turned so cold  
That your tears can't unfold

When are you coming home  
Home to your first love  
We've really missed you  
We really love you

When are you coming home  
Home to your first love  
We've really missed you  
We really love you
