

Choking Games

Nicole Dollanganger

Restlessness leads to a
Dangerous kind of fun
Start small with Swiss Army knives
And water guns

Criss cross applesauce
Spiders running up your back
Put your arms around my neck
I'll only go to sleep for a second

Skin a cat to keep its soul
Nine lives to last us a few nights more
Sell your sister's body to the man next door
Mix a batch and hit it
Puke all over the floor
