

Freaks Forever

Nicole Dollanganger

Torture porn inside your head
Tie me up, keep me in your bedroom
The Christians screaming to us through your TV
They don't save me, they don't save you

I want to be pretty
But I don't want to be clean

Your step-dad put you in a chair
Tied you up and he beat you there
And you drowned like the girls
At the lake in the summer
Where we swam together
