Dancin' Jones

Nicolette Larson

```
I know a lady
Shady Sadie's got a dancin' Jones
Every time she hears the Stones
She just gotta shake her bones

No one can stop her
No one can top her
When she gets it on
Cause people when she gets it on
Don't you know the girl is gone

She's got a dancin' Jones
She's got a dancin' Jones

Poor ole Mick Jagger
He likes to stagger
When he screams and moans
Oh, baby, when he screams and moans
She give up everything she owns

Well, she got a monkey
For everything funky
Like blues and soul
Don't you know she lose control
When she hears that rock 'n' roll

She's got a dancin' Jones, oooh
She's got a dancin' Jones

You know his baby
(Baby, baby)
She got a dancin' Jones
(Baby, baby)
Everytime she hears the Stones
(Ooh baby, baby)
She just gotta shake her bones
(Girl got the rhythm now)
No one can stop her
No one can top her
When she gets it on
People when she gets it on
Don't you know the girl is gone

She's got a dancin' Jones
She's got a dancin' Jones
She's got a dancin' Jones
She's got a dancin' Jones
