

## Ain't a Ghost

Night Beats

Well you better watch out  
Before you lose your head  
Someday you're gonna learn  
Darlin you ain't dead

You ain't a ghost  
But you move through walls  
Someday you're gonna pay  
'fore you lost it all

Well i see you on the street

And you wait for your train  
I won't lie, I didn't try  
To make it on time

Well I saw you there  
You thought i wanted it all  
You dont know and you won't show  
Nothing at all
