

# Meet Mr. Fork

Night Beats

I've seen the sun  
Blot out my eyes now  
Sooner they're gone  
Sooner i'll lay down and die

Meet mr. fork  
Meet mr. spoon  
Take me, take me

I've seen the light  
I've been behind

Nobodies waiting for me

The shadow turns to light  
There's no reason to deny

I've been mistaken  
I've been too long  
I've lost my senses  
For much too long
