

Satisfy Your Mind

Night Beats

High above the mountains, high below the sea
High inside an aeroplane, higher than James Dean
Don't it satisfy your mind, all you wanna do

High inside my coffin, high inside the womb
High inside your sister's closet, what I wanna do

Don't it satisfy your mind, all you wanna do

High above Chicago, high below LA
High inside the Sistine Chapel, is where I wanna stay
Don't it satisfy your mind, all you wanna do
