

The Seven Poison Wonders

Night Beats

Ah, you see my seven wonders
Monuments they turn to sand
I drink blood while satan sips wine

Smiling faces change their shape
Poison flowing through your veins

Yes, I am the laughing swine
Cast my spell, it's my parade
My temptation now will haunt you

Smiling faces change their shape
Poison flowing through your veins

Kill my ghost, It breaths fire
In this faceless masquerade
I'm a jackal that ate the lions father

Smiling faces change their shape
Poison flowing through your veins
