

Let's Play Revenge!

Night Club

Come close pretty thing show me what you've done
Tell me did you think you fooled everyone?

Oh baby I wanna make a dark confession
Cause I've been worshipping a new obsession
And now I got my sights set on you
It's true

I got it bad, bad, bad
You know you better watch your back, back, back
I play it dirty
Yeah your sins got you runnin'
And now the end is comin'
Let's play (let's play)
Revenge (revenge)

Come close pretty thing get what you deserve
Taste the ashes of everything you burned

Oh baby I wanna make a dark confession
Cause I've been worshipping a new obsession
And now I got my sights set on you
It's true

I got it bad, bad, bad
You know you better watch your back, back, back
I play it dirty
Yeah your sins got you runnin'
And now the end is comin'
Let's play revenge

I got it bad, bad, bad
You know you better watch your back, back, back
I play it dirty
Yeah your sins got you runnin'
And now the end is comin'
Let's play (let's play)
Revenge (revenge)

I got it bad
I got it bad
Better watch your back
Before it all goes black
Better watch your back
Before it all goes black
Better watch your back
Before it all goes black
Better watch your back
Watch your back
Watch your back

I got it bad, bad, bad
You know you better watch your back, back, back
I play it dirty
Yeah your sins got you runnin'
And now the end is comin'
