My momma said I'm actin' kinda different (Kinda different)

It's probably all the shit that I've been missin' (That I've be en missin')

I don't tell nobody 'cause I don't do any bitchin' (Ayy)

'Cause that's when all these niggas catch you slippin', ayy

Hope I find the truth while I'm alive (While I'm alive)

Before I fuckin' die (Before I fuckin' die), before I say goodb ye (Say goodbye)

Before they tell me all the shit I did was just a lie (Just a lie)

This really ain't my motherfuckin' life, ayy, ayy

Takin' out this Notebook every day (Day)

Writin' down my feelings 'cause it makes me feel okay (Okay)

Promise you I'd take you from that life you're livin' now (Ayy)

But then we hit the ground, the ground

Ayy

They say that they're killers (Killers)

They just pussy niggas

We runnin' down your villas

Know they probably lookin'

'Cause they know that I'm cookin' (Cookin')

That's probably what they took in (Took in)

Ayy, ayy (Ayy)

I wish I told you all that's in my head (Uh-uh)

Instead (Uh-uh), I lay you on this motherfuckin' bed (Yeah)

Correct (Sheesh)

I don't give a fuck what you expect (Expect)

So put your fuckin' pride (Ayy) to rest, ayy

I saw you popped that now you movin' so slow

Pull up on me, tell me bitch where you wanna go?

It's 3AM and you ridin' me on the mofuckin' floor (The floor)

6AM, and you tellin' me that you wanted some more, okay

I'm gettin' older and I'm losin' some friends (Ayy)

Thought they was my niggas but they don't make no sense

When you find out what you fucked up, don't be textin' my phone , ayy

I like it better when you leave me alone, bitch
