

## BUMBLE BEE

Night Lovell

Nah, nah-nah, nah-nah  
Ayy

I don't like you, why you always tryna follow me?  
I'm your king, I'm your love, I'm your diamond piece  
Take this emotion that just found it's way inside of me  
Since a kid, I've been searching for the truth in me  
I'm a bumble bee, I'm a bumble bee  
Follow my path and see all that you've done to me  
Said I'm a bumble bee, I'm a bumble bee  
Follow my path and see all that you've done to me  
All that you've done (Sweet)

That bitch said she want cocaine  
I don't got you and I'm feeling so ashamed  
I could take you to this place I call the cave in  
Don't you worry, I'mma get you feeling safe here  
Bitch, we run this, can't you tell by how we pressing  
Moving fast, hope you got your seat belt fastened  
Fall in love, I swear we moving to Nebraska  
Specializing on my life like it's your master, ayy

I'm fucked up, you fucked up  
We so lust, don't fuck up  
'Cause I hate you and you hate me  
Take my life, don't chase me, ayy

I don't like you, why you always tryna follow me?  
I'm your king, I'm your love, I'm your diamond piece  
Take this emotion that just found it's way inside of me  
Since a kid, I've been searching for the truth in me  
I'm a bumble bee, I'm a bumble bee  
Follow my path and see all that you've done to me
