Burnin' down my mind, I like burnin', burnin'
You just need some time, I know you hurtin', hurtin'
You say you love me 'cause you want that Birkin
And that I know for certain, won't let you pass this curtain
Drivin' by the ocean, don't know where I'm goin'
I spent my time just scopin', 'cause niggas got they motives
It don't make no sense why these people out to get me
'Cause I'll do anythin' to stop you, don't you tempt me (Don't
