Check ya mans (yo mans)
He want beef (he want beef)
OK it's up (it's up)

Hope all of you broke ass niggas good listeners
Welcome to my class listen up I'm 'a kill all of you niggas
Leave yo fucking blood cold like whistler
You niggas just some motherfucking visitors
I gets the hoes - I'm a low-key freak when I get drunk
Bitch I'm getting what I want mama didn't raise a punk
Lately I been in a funk
Had to disappear from life
What would happen if I blew my brains out with a rifle

These are real thoughts not a motherfucking haiku
On a higher level I ain't talking 'bout my IQ
Leave a nigga bloody bloody like my name is Ryu
They say you got money who the fuck did you lie to

Give me all the motherfucking chips, and I'll stack it up
You think that I'm lying I got proof just to back it up
Line em up
I take niggas bitches and I clap em up
If you don't abide by the rules we gon' brap you up

Bitches don't approach me guess it's 'cause of my demeanor-meanor
Niggas piss me off, spin the block like a ballerina
Feel like getting my dick wet, calling up Marisa, Gina
Fuck it I'll settle for Lisa 'cause she the meanest eater

Tried to hide so many goddamn times
But still I find myself up front center
A blessing and a curse
Hope it don't get worse
You say you fucked him? Bitch take yo ass to church

Finally I can see you face to face bitch what's up bwoi
