

## Caroline Goodbye

Night Moves

Saw your picture in the paper  
My, you're looking pretty good  
Looks like you're gonna make it in a big way  
Oh, I always knew you would

But I should have known better, yeah  
And I should've seen sooner

There's no use pretending  
I've known for a long time your love is ending  
Caroline goodbye  
Caroline goodbye

I'm not saying how or where we went wrong  
Time changes 'til we get on alone  
I'm left with no thoughts of the past  
Here's your song to help make it last

I should've known better, yeah  
I should've seen sooner

There's no use pretending  
I've known for a long time your love is ending  
Caroline goodbye  
Caroline goodbye

There's no use pretending  
I've known for a long time your love is ending  
Caroline goodbye  
Caroline goodbye
