

Colored Emotions

Night Moves

Don't say when it's just us, a colored emotions
One night, but it's just us, that colored emotion

'Cause it's the feeling that a feeling is over
When it just comes to light
Because I'm missin', still I'm missin'
When persuasion has come in through the tides

Your love got me feelin' like a high I once had
In the night
And it was you so in it just because of long devotion
Runnin' on

I was thinkin' that maybe I'd take a ride outta town
Just to see a couple of friends I want to
Say goodbye

Ooh, ooh
Colored emotions runnin' 'round
Ooh, ooh
