

Monkey

Night Ranger

Out all night
Sleep all day
No one ever told me there's a better way
Oh yea
You heard it from me

Days worth a year
Don't give it away
Always with a smile
Like it's Christmas Day
Come on come on come on
Oh yea

Someone tell me
Where I'm going
I can't tell anymore

Cause I'm your monkey
Well I'm your monkey
I'll be your junkie
I'll be I'll be your monkey

Out of time
Out of place
Whatever happened to your human face
Oh yea you never give it to me

Out of love
Out of luck
Walking around
Like I'm all messed up
Come on come on come on
Baby

Someone tell me
Where I'm going
I can't tell anymore

Cause I'm your monkey
Well I'm your monkey
I'll be your junkie
I'll be I'll be your monkey

Someone tell me where I'm going
I can't tell anymore

Cause I'm your monkey
Well I'm your monkey
I'll be your junkie
I'll be I'll be your monkey
Yea
