

## BLUE SHADES OF THE SUN

Night Verses

I recall you crying out in distress  
Where the space between  
Was broken down  
Permanent

Speed of light beyond the bounds  
Spin a web that's so surreal  
If the world we adore is ending  
We'll erase with no appeal

I'm not trying to switch you off my mind  
I'm not trying to switch you off my mind  
I may be wrong, I may be wrong  
But I can't stand straight  
I can't sit still  
I'm not trying to switch you  
I just hate this place  
Yeah, I hate this place  
And I know I always will  
Oh! I know I always will

Speed of light beyond the bounds  
Spin a web that's so surreal  
If the world we adore is ending  
We'll erase with no appeal

I'm not trying to switch you off my mind  
I'm not trying to switch you off my mind  
Oh! I can't stand straight, I can't sit still  
Oh! I can't stand straight, I can't sit still  
Yeah, I hate this place  
And I know I always will
