Night Verses

Where'd your conscience go?
You let me down
You let me down
Impulsive cloud of stone
You let me down
You let me down
So, why do you act
Like there's nothing that can haunt you
From the ghost that you contract?
Why do you act
Like the devil on your shoulder is your last?

You are all alone
Dragging me down
Cold and on your own
Dragging me down
You are all alone
Dragging me down

Stolen all I know
Can't come around
Can't come around
Unearth your cloud of stone
You let me down
You let me down
So, why do you act
Like there's nothing that can haunt you
From the ghost that you contract?
Why do you act
Like the devil on your shoulder is your last?

You are all alone
Dragging me down
Cold and on your own
Dragging me down
You are all alone
Dragging me down

Stay
Say to me
Stand there

Look in your eyes, I wanna see the look in your eyes
Now tell me that you're faking everything
Look in your eyes, I wanna see the look in your eyes
When all is lost and incomplete
Look in your eyes, I wanna see the look in your eyes
When all you know is fashioned to a shape shift
Covering your faces
Look in your eyes, I wanna see the look in your eyes
You're borrowing a whole in the life of someone
Who can kill in the night, so I just wanna
Look in your eyes, I wanna see the look in your eyes
You're borrowing a whole in the life of someone
Who can kill in the night

You are all alone

Dragging me down
Cold and on your own
Dragging me down
You are all alone
Dragging me down
