Parasomnia

Night Verses

Lack of sleep.
Through the cloudy night, I can see the world ending.
Leaving my body.
A swarm of stars.
I keep floating off-time.
All night long.
Yeah, I'm drifting over the ground.
I feel nothing.
All night long.
I'll just let my body lie.
Passing on.
Hey, nobody said to leave it to me.
Now, my body's having trouble with everything.
So, If anything, there's something wrong.
Now, my body's having trouble with everything.
Oh, it's everything.
Back your lungs.
All the galaxies couldn't keep me from bending.
Count your wrongs.
A storm of thoughts couldn't keep me in line.
All night long.
Yeah, I'm floating over the ground and still nothing.
I'll just let my body lie.
Passing on.
