

Floating past the planet where I've grown  
Stirring all the emptiness I know  
Vanishing light in a cosmic hold  
Everything's so perfect all alone

I, I was, I was so lost but now  
My emotions swim  
Hollow never felt so proud  
I was, I was so lost but now now now

Voyager reflecting in the stars  
Shadowing imaginary means  
All this space is worth it when you're cold  
Everything's so perfect all alone

I, I was, I was so lost but now  
My emotions swim  
Hollow never felt so proud  
I was, I was so lost but now  
Hollow never felt so proud  
My emotions swim  
Hollow never felt so proud  
Oh oh, oh

Oh oh, oh  
Oh oh
