## Nightcore

Hey oh, here comes the danger up in this club  
When we get started and we ain't go stop  
We gonna turn it out till it gets too hot  
Everybody sing, hey oh  
Tell 'em turn it up till they can't no more  
Let's get this thing shaking like a disco ball  
This is your last warning, a courtesy call

I am not afraid of the storm that comes my way  
When it hits it shakes me to the core  
And makes me stronger than before  
It's not a question about trust  
But will you stand with us?  
Can you feel it? Make it real

I think it might wash away tonight  
Awaken from this never ending fight  
It takes more than meets the eye  
This war we're fighting is not just rotting

There's a rumble in the floor  
So get prepared for war  
When it hits it'll knock you to the ground  
When it shakes up everything around  
But survival is a must  
So will you stand with us?  
Can you feel it? Make it real  
Make me feel it

I think it might wash away tonight  
Awaken from this never ending fight  
It takes more than meets the eye
