

Dam Dadi Doo

Nightcore

Dam dadi doo dam dam didoodi dam

When the morning come come
I'm dancing like you're dumb dumb
And when the groove is high
When dummies jump to sky

If you feel the groove groove
The dummies have to move move
Can you feel the beat the beat the beat

You never tell me what is wrong
'cause now it's time to be alone
Let me love you everyday
So long you let the dummies play

Dance to the beat dance dance to the beat

Dam dadi doo dam dam didoodi dam

Dance dance to the beat

They tell me let's come home home
The party going on on

We only have to dance
Do dummies fall the trance

If you feel the groove groove
The dummies have to move move
Can you feel the beat the beat the beat

You never tell me what is wrong
'cause now it's time to be alone
Let me love you everyday
So long you let the dummies play

Dance to the beat dance dance to the beat

Dam dadi doo dam dam didoodi dam

Never tell me what is wrong
Let me love you everyday
