Destiny

Nightcore

Do you believe
In destiny
I close my eyes
And dream that you are
Closer to me
So follow me
And you will see
Together we can touch the sky
Were flying so high
High
(higher)

(do you believe)

(next to me)

I'm free to love tonight
Until the morning sky
The night sky
Id hope it last forever
And in my dreams
I'll never let you go

(destiny)

I know you need
To be with me
With love it feels so good
Its only fantasy
If time will die
I wonder why
Will you be here with me
Come daylight fading away

I'm free to love tonight
Until the morning sky
The night sky
Id hope it last forever
And in my dreams
I'll never let you go

(let you go)

(do you believe)
(in destiny)

I'm free to love tonight
Until the morning sky
The night sky
Id hope it last forever
And in my dreams
I'll never let you go
