

Stellar Parallax

Nightfall

Observe the time and space /
Evaluate yours steps in maze
References define strength /
Calculate voyage length

Visual perception / Needs the right correction
Essence of eternity / Lured divine fraternity

Stay still and see / Understand, understand and forgive

Reciprocate, redeem, devote /
Precarious feeling, life revoke

Raise one hand to touch the stars /
Raise the other to call the gods
Any place you stay, for any hollow say
Furious angels descent with rage your soul to save
