

## dirty white chucks

Nightly

Summer, what a bummer  
Saw her out at Soho with another  
Got her number, I wonder  
If she only loves him like a brother

Can't get her outta my head  
Can't get her outta my mind  
Up all night, am I just wasting my time?  
Can't forget her even if I try

Everywhere I look I see  
Dirty white chucks and some ripped up jeans  
Lookin so sweet that it hurts my teeth  
She's 11 out of 10 7 days of the week  
Yeah she's all that I want, want her all over me  
Dirty white chucks with her hair tied up  
Hittin' like a drug every time that we touch  
Serotonin spike 7 days of the week  
Dirty white chucks and I can't get clean

Head case, off of my face  
I could use a shower and some toothpaste  
It's been two weeks and three days  
I've been losing sleep tryin' to make that girl my roommate

Can't get her outta my head  
Can't get her outta my mind  
Up all night, am I just wasting my time?  
Can't forget her even if I try

Everywhere I look I see  
Dirty white chucks and some ripped up jeans  
Lookin so sweet that it hurts my teeth  
She's 11 out of 10 7 days of the week

Hittin' like a drug every time that we touch  
Serotonin spike 7 days of the week  
Dirty white chucks and I can't get clean

I can't get her  
Outta my head  
Outta my head  
I can't get her  
Outta my head  
Outta my head

Dirty white chucks and some ripped up jeans
