

it's not your body

Nightly

She saw a girl from the party stop
Me and the boys in the parking lot
And no she's not the jealous type
But tonight it made her heart drop

And what she doesn't know is
I would die if she ever
Went and packed up her bags
And moved on to someone better
The way that she moves has got a hold on my brain
I guess what I've been meaning to say

Is if it's not your body it's nobody baby
I'm trying bad but I can't seem to put it more plainly
Yea if it's not your body it's nobody baby
The only thing I've been thinking about is you and me lately

She got a note when she was out to eat
He wrote his number down on her receipt
And no I'm not the jealous type
But I might knock out all his teeth

And what she doesn't know is
I would die if she ever
Went and changed up her mind
And moved on to someone better
The way that she moves has got a hold on my brain
I guess what I've been meaning to say

Is if it's not your body it's nobody baby
I'm trying bad but I can't seem to put it more plainly
Yea if it's not your body it's nobody baby
The only thing I've been thinking about is you and me lately

If it's not you then it's nobody baby
If it's not you then it's nobody baby
If it's not you then it's nobody baby
If it's not you then it's nobody baby

If it's not you then it's nobody baby
If it's not you then it's nobody baby
If it's not you then it's nobody baby
If it's not you then it's nobody baby
