

Talked until you fell asleep
Now I'm drivin' home on dopamine
My brain is in the back seat
And my heart's in drive

I'm holdin' onto
Every word you say
Don't take it back, no

Don't stop, baby, don't tell me that it's over
I can't take it, I'm shakin' on the sofa
You know there's nothin' like you and I together
'Cause when we touch, somethin' in it moves me
I swear to God, it feels just like the movies

(Feels just like...
Oh, oh, oh...
Feels just like the movies)

What if you take the night?
Walk around, talk about it
Get in a fight, you know I hate it when you're running high
What if it's wrong, baby, what if it's right?
What if it's love? Baby, give it a try
Don't take it back now

Don't stop, baby, don't tell me that it's over
I can't take it, I'm shakin' on the sofa
You know there's nothin' like you and I together
'Cause when we touch, somethin' in it moves me
I swear to God, it feels just like the movies

(Don't take it, don't take it, don't take it back now
Don't take it, don't take it, don't take it back now
Don't take it, don't take it, don't take it back now
Don't take it, don't take it, don't take it back now)

Don't stop, baby, don't tell me that it's over
I can't take it, I'm shakin' on the sofa
You know there's nothin' like you and I together
'Cause when we touch, somethin' in it moves me
I swear to God, it feels just like the movies

(Don't take it back)
Something in it moves me
(Don't take it back, no)
It feels just like a movie
(Don't take it back, no)
Don't know what you're doing
(Don't take it back now)
Feels just like the movies
