

where do we go from here

Nightly

Saw you on a rooftop dressed in pink
Tried to play it cool but I spilled my drink
On your dress what a lovely mess
Kept making eyes while the cover band
Played sweet Caroline and you touched my hand
Then under your breath you looked at me and said

Where do we go from here
Where do we go from here
Where do we go from here
Where do we go we go we go we go from here

Been fifteen whole minutes since you left the room
But every last second I wonder if you just might come back
How pathetic is that
I find it hard not to start running through scenarios
Of how to get you back in my arms baby is it so
Wrong to wanna see you more than weekends
I wanna know I wanna know

Where do we go from here
Where do we go from here
Where do we go from here
Where do we go we go we go we go from here

Where do we go from here
Where do we go from here
Where do we go we go we go we go from here

Where do we go
Where do we go
Where do we go
Where do we go
Where do we go
Where do we go
Where do we go
Where do we go

Late nights are you thinking bout
When we'd stay up on your couch
I just wanna know babe
Where do we go
Where do we go
All I seem to talk about
Is how I just can't do without
I just wanna know babe
Where do we go
Where do we go
